Illuminazione Alogena

Una chiara visione di quello che succede all'interno

Vuoi sapere come procede la cottura, ma non vuoi aprire la porta del forno per evitare che il calore si disperda? L'Illuminazione Alogena ti offre una visuale completa del forno per tenere d'occhio le tue ricette a porta chiusa.

Gas Safety

Spegnimento automatico del gas

È facile che una fiamma si spenga quando non sei nei paraggi, rilasciando gas pericoloso in casa. Gas Safety rileva quando la fiamma si spegne per una pentola in ebollizione o una folata di vento, interrompendo l'alimentazione del gas. Fine delle perdite, fine delle preoccupazioni.
