Porta ad apertura reversibile adatta a ogni cucina

Alcune cucine richiedono frigoriferi con porte che si aprono in una sola direzione. Le cerniere della Porta Reversibile possono essere montate sul lato destro o su quello sinistro dell'apparecchio, così potrai decidere in quale lato aprirla. Puoi inoltre raddoppiare la capacità di refrigerazione affiancando due frigoriferi e invertendo le porte di uno.

Ripiani in cristallo ad alta resistenza

Grazie al Cristallo Infrangibile, non dovrai più temere di mettere quell'enorme pentola in frigorifero. I ripiani Cristallo Infrangibile sono realizzati in vetro temperato e reggono fino a 25 kg di peso. Resistono maggiormente a crepe e graffi rispetto al vetro non temperato, così potrai appoggiarci oggetti pesanti senza paura.
